

Upcoming Continuing Education Seminars with Jeffrey Yuen

Presenter: Jeffrey Yuen comes directly from a Daoist lineage and trained under the Daoist priest, Yuen, learning among other healing arts, Chinese herbal medicine. Yuen was invited by NCCAOM to be among a group of prominent practitioners, to write and review questions during the development of the NCCAOM herbal exam and also served on their Finalization Committee

Course Topic: Chinese Medical Treatment of Breast & Prostate Cancer

Program Description: The Chinese medical approach to cancer is often referred to as FuZheng Therapy (Support the Zheng-Upright Qi), which consists of a threefold strategy – bolstering the upright qi, clearing fire toxins and its pathological process, and addressing the complications associated with du-toxins (such as blood heat, phlegm heat, damp heat, etc.). Among the common cancers afflicting humanity today are breast and prostate cancer – organs that are outside of the purview of the ZangFu. This weekend seminar will explore the dynamics of cancer through the lens of Chinese medicine by examining its etiology, pathology, metaphors, management, and treatment, with an emphasis on these specific conditions. In addition, cultivation techniques that are intended to strengthen the mental outlook and attitude of those challenged by cancer will be discussed.
