Upcoming Continuing Education Seminars with Jeffrey Yuen

Course Topic: Point Energetics – The Mu-Collection and Gui-Ghost Points of Acupuncture

Presenter: Jeffrey Yuen comes directly from a Daoist lineage and trained under the Daoist priest, Yuen, learning among other healing arts, Chinese herbal medicine. Yuen was invited by NCCAOM to be among a group of prominent practitioners, to write and review questions during the development of the NCCAOM herbal exam and also served on their Finalization Committee

Program Description: Common in the practice of acupuncture is the grouping of points to represent the summary of ideas and treatment strategies as often represented through acupuncture protocols and formularies. Among some of the historical groupings have been the command, mu-collection, shu-transport, and xi-cleft points. Others have been recorded in the fu-odes of acupuncture and specific traditions associated with notable clinicians of the past, such as Sun Si-Miao. Recognizing that students and even clinicians of acupuncture generally learn about these groupings through the memorization process, the focus of this weekend seminar is to present the historical derivation or organization of the mu and gui points groupings. Emphasizing that such understanding can optimize a practitioner’s usage and application of these acupoints, the seminar is intended to deepen participants’ relationship to these specific groupings so as to further their relationship to other acupoint groupings as well.
