

Upcoming Continuing Education Seminars with **Jeffrey Yuen**

Course Topic: **INFERTILITY & ITS TREATMENT IN CHINESE MEDICINE**

Presenter: Jeffrey Yuen comes from two Daoist traditions and his training in Chinese medicine comes from Daoist priest Yu Wen and Gong Song-Liu. Yuen comes directly from a Daoist lineage and trained under the Daoist priest, Yuen, learning among other healing arts, Chinese herbal medicine. Yuen was invited by NCCAOM to be among a group of prominent practitioners, to write and review questions during the development of the NCCAOM herbal exam and served on their Finalization Committee

Program Description: In 2023, data from WHO indicated that 1 out of 6 people worldwide are infertile, with the U.S. being a “fertility desert.” Such low birth rates have become a global health issue, aside from the emotional stress stemming from pregnancy failure. As such, viable options and alternatives have been sought as one solution to this public crisis, which have included the use of Chinese medicine. Serving as an adjunctive or a stand-alone treatment, Chinese medicine has been associated with higher incidence of successful pregnancy in infertile women. This seminar will examine and discuss the etiologies of infertility and miscarriage, correlated Chinese medical concepts with Western biomarkers for fertility, and the clinical management and treatment for infertility with the different modalities of Chinese medicine.
