

# Upcoming Continuing Education Seminars with Jeffrey Yuen

## Course Topic: WESTERN BLOOD LAB ANALYSIS & CHINESE MEDICINE

**Presenter:** Jeffrey Yuen comes from two Daoist traditions and his training in Chinese medicine comes from Daoist priest Yu Wen and Gong Song-Liu. Yuen comes directly from a Daoist lineage and trained under the Daoist priest, Yuen, learning among other healing arts, Chinese herbal medicine. Yuen was invited by NCCAOM to be among a group of prominent practitioners, to write and review questions during the development of the NCCAOM herbal exam and served on their Finalization Committee

**Program Description:** An integral part of Chinese medicine in the West is its interface with Western medicine – either in communication with physicians of Western medicine or the lab work that patients-clients bring into the consultation. A well-versed clinician of Chinese medicine should be cognizant of indicators and markers suggested and implied by Western blood chemistry from laboratory analysis, which can assist in the diagnosis of the patient-client’s condition, With the premise that the more diagnostic parameters used, the more focused the treatment(s) can be. This seminar is intended to provide Chinese medical practitioners an introductory understanding of Western blood scores and how to understand such markers from a Chinese medical perspective
